

CURRICULUM VITAE

Name: Martin Brudy
Address: 76137 Karlsruhe
Morgenstr. 36
born: September 24, 1963, in Karlsruhe, Germany

Education:

1970 - 1974	Grundschule Karlsruhe-Durlach
1974 - 1983	Markgrafengymnasium Karlsruhe-Durlach
June 10, 1983	Abitur

University Studies:

Winter 1983/84 - May 1990	Geophysics at the University Karlsruhe
December 3, 1985	Diplom-Vorprüfung good
May 5, 1990	Diplom der Fakultät für Physik excellent

Diploma Thesis: 'Das europäische Spannungsfeld unter besonderer Berücksichtigung neuer Spannungsdaten aus NW-Europa'

January 1991 - Nov. 1995	Ph.D. student at the Geophysical Institute, University of Karlsruhe, Supervisors: Prof. Dr. Karl Fuchs and Prof. M. D. Zoback (Stanford University)
--------------------------	---

Summer 1992 and 1993	2 months research stay at the Department of Geophysics, Stanford University, U.S.A, with Prof. M. D. Zoback, co-operation with 'Stanford Rock and Borehole Geophysics Project' on 'Investigation of rock failure in inclined boreholes'
----------------------	---

November 10, 1995	Ph. D. of the Faculty of Physics of the University of Karlsruhe with honours
-------------------	--

Thesis Title:	Determination of in-situ Stress Magnitude and Orientation to 9 km Depth at the KTB Site
---------------	---

Professional Experience:

1986 - 1989	student-coworker in various projects at the Geophysical Institute, University of Karlsruhe
	participation in a co-operative project of STATOIL, University Trondheim and University Karlsruhe:

'Determination of the stress orientation from caliper data in North Sea wells'

participation in the German - Norwegian Co-operation Project 'Basin Analysis and Reservoir Studies'

since September, 1990

research assistant at the Geophysical Institute, University of Karlsruhe

since January, 1995

assistant of Prof. Dr. Karl Fuchs

Languages:

German (native), English (fluent), Danish (good), French and Spanish (minor)

Karlsruhe, December 28, 1995
