

# CURRICULUM VITAE

Name : **Shinichi Akutagawa**  
Nationality : Japan  
Place of birth : Imabari, Ehime, Japan  
Date of birth : November 18, 1959  
Occupation : Research Associate, Ph. D.  
Postal address : Department of Civil Engineering, Kobe University,  
Rokkodai, Nada, Kobe 657 Japan  
Correspondence : (Phone) 078-882-6260 (Fax) 078-861-0779

## ACADEMIC RECORDS

1983.3.31 **B.S.C.E.** (Bachelor of Science in Civil Engineering) Department of Civil Engineering, Kobe University, Japan  
1984.12.20 **M.S.C.E.** (Master of Science in Civil Engineering) Department of Civil Engineering, The University of Washington, USA  
1991.11.27 **Ph.D.** (Doctor of Philosophy) Julius Kruttschnitt Mineral Research Centre, Department of Mining and Metallurgical Engineering, The University of Queensland, Australia

## CARRIER RECORDS

1985.4.1 to 1985.11.30 *Technical Staff*, Department of Information Systems, Chodai Co. Ltd. Japan  
1991.2.1 to 1991.6.30 *Research Scholar*, Mining Group, Julius Kruttschnitt Mineral Research Centre, Department of Mining and Metallurgical Engineering, The University of Queensland, Australia  
1991.8.1 to 1992.9.30 *Research Associate*, Department of Geotechnical and Environmental Engineering, Nagoya University, Japan  
1992.10.1 *Research Associate*, Department of Civil Engineering, Kobe University, Japan

## PUBLICATION

Meek, J.L. & S.Akutagawa (1987) Development of a computer aided design and analytical system for geotechnical characterization problems using coupled FE-BE program. *Proceedings of the Second International Symposium on Field Measurements in Geomechanics*, Kobe, 1257-1266  
Meek, J.L. & S.Akutagawa (1987) Efficient data management scheme for FEM programming. *Proceedings of the Fifth International Conference in Australia on Finite Element Methods*, University of Melbourne, 49-52  
Meek, J.L. & S.Akutagawa (1988) The computer-aided analytical system for geotechnical characterization problems. *Proceeding of the Sixth International Conference on Numerical Methods in Geomechanics*, Innsbruck, 2165-2170  
Akutagawa, S., E.T.Brown, J.L.Meek & G.Chitombo (1991) The Direct Modulus Factoring Method for the back analysis of Young's moduli. *Proceedings of the Seventh Conference of the International Association for Computer Methods and Advances in Geomechanics*, Cairns, 931-936  
Akutagawa, S., J.L.Meek & E.T.Brown (1991) The back analysis of in-situ stresses in a multiple stage excavation problem. *Proceedings of the Seventh Conference of the International Association for Computer Methods and Advances in Geomechanics*, Cairns, 937-942  
Cowling, R., M.Struthers, S.Akutagawa & J.O.Watson (1991) Some applications of three dimensional boundary element analyses to mine design. *Proceedings of the Seventh Conference of the International Association for Computer Methods and Advances in Geomechanics*, Cairns, 1299-1304  
Akutagawa, S., E.T.Brown & J.L.Meek (1991) A back analysis procedure for establishing load parameters and Young's moduli from stress and displacement measurements. *Proceedings of the Seventh International Congress on Rock Mechanics*, Aachen, 665-669  
Akutagawa, S. (1992) Design of measurement configuration for proper assessment of parameters and stress state of rock mass. *Proceedings of the International Symposium on Assessment and Prevention of Failure Phenomena in Rock Engineering*, Istanbul, in press
